6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.

8. *Mr. Makarchuk*—Resolution—That, this Province request the Federal Government to amend the Bank Act to enable the Ontario Government to initiate provincial legislation to expand the services and functions of the Ontario Savings Bank so that it will be able to operate in all fields of commerce currently available to chartered banks and trust companies, in order to provide meaningful competition in the banking field, lower interest rates, and give this government another financial tool for the encouragement of growth in vitally important areas of the provincial economy.

As the coverage given by such policies has decreased significantly since October 1, 1969, would the Minister not think it reasonable that such policies should be forbidden by the Board of Education for the City of Toronto or sold for a reduced premium.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That the members of the Legislature's Standing Committee on Human Resources be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened *not* weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than April 30, 1971, and a final report not later than June 30, 1971.
  
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House:
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
  
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

4. *Mr. Deacon*—Resolution—That, in the opinion of this House, the Ontario Water Resources Commission should be empowered: 1. Without entering into agreements with municipalities to construct the water supply facilities and trunk mains and to develop the sewage treatment facilities and collector trunks required to serve the development of municipalities' distribution systems in Ontario; 2. to sell these wholesale services to municipalities according to area rates which are reasonably competitive with existing rates and which will eliminate the main cost variations that now exist across the Province; and 3. to embark on the above programs on such scale and with such scope as to ensure the servicing of building lots in a quantity substantially in excess of current demand.
5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
8. *Mr. Makarchuk*—Resolution—That, this Province request the Federal Government to amend the Bank Act to enable the Ontario Government to initiate provincial legislation to expand the services and functions of the Ontario Savings Bank so that it will be able to operate in all fields of commerce currently available to chartered banks and trust companies, in order to provide meaningful competition in the banking field, lower interest rates, and give this government another financial tool for the encouragement of growth in vitally important areas of the provincial economy.

9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.

## GOVERNMENT MOTION

2. *Mr. McKeough*—Resolution—That this House approves in general the Budgetary policy of the Government.

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That the members of the Legislature's Standing Committee on Human Resources be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened *not* weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than April 30, 1971, and a final report not later than June 30, 1971.
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House:
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such

services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
8. *Mr. Makarchuk*—Resolution—That, this Province request the Federal Government to amend the Bank Act to enable the Ontario Government to initiate provincial legislation to expand the services and functions of the Ontario Savings Bank so that it will be able to operate in all fields of commerce currently available to chartered banks and trust companies, in order to provide meaningful competition in the banking field, lower interest rates, and give this government another financial tool for the encouragement of growth in vitally important areas of the provincial economy.
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That a Select Committee of the Legislature be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened not weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than June 30, 1971.
  
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
  
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
8. *Mr. Makarchuk*—Resolution—That, this Province request the Federal Government to amend the Bank Act to enable the Ontario Government to initiate provincial legislation to expand the services and functions of the Ontario Savings Bank so that it will be able to operate in all fields of commerce currently available to chartered banks and trust companies, in order to provide meaningful competition in the banking field, lower interest rates, and give this government another financial tool for the encouragement of growth in vitally important areas of the provincial economy.
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That a Select Committee of the Legislature be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened not weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than June 30, 1971.
  
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
  
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. De Monte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.
10. *Mr. Carruthers*—Resolution—That in the opinion of this House the Teachers Superannuation Act should be amended so that the required teaching period for Class A pension, regardless of age, be reduced from 40 years to 35 years.

As the coverage given by such policies has decreased significantly since October 1, 1969, would the Minister not think it reasonable that such policies should be forbidden by the Board of Education for the City of Toronto or sold for a reduced premium.

14. *Mr. Reid* (Scarborough East)—Enquiry of the Ministry—1. How many patients are there in the Ontario Hospital School at Orillia. 2. How many members of staff are there at this Hospital School. 3. How many of these members of staff are there in each of the following categories: office; maintenance and grounds; housekeeping and laundry; food services; drivers; residential counsellors; child care workers; school principal and teachers; doctors; nurses and nursing aides; psychologists; recreation specialists; social workers; occupational, physical and speech therapists; dental personnel. 4. Is the staff of the Travelling Clinic included in the official statistics as part of the staff of Orillia. 5. What is the size of the Travelling Clinic staff. 6. How many days a year does the Travelling Clinic spend on the road. 7. Are trained "child-care workers" still being used on Food Services at Orillia, and if so, how many of the staff are involved.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That a Select Committee of the Legislature be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened not weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than June 30, 1971.
  
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
  
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. De Monte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.

# NOTICE PAPER

## PRIVATE MEMBERS' MOTIONS

1. *Mr. Reid* (Scarborough East)—Resolution—That a Select Committee of the Legislature be appointed immediately and that the Committee meet forthwith on a daily basis: (a) to investigate and identify wastage, unnecessary duplication and low priority programmes in education in Ontario in which significant expenditure cuts can be made, for example, The Ontario Institute for Studies in Education, The Ontario Educational Communications Authority; (b) to investigate and identify top priority programmes in education which must be strengthened not weakened in the 1970's, for example, programmes for handicapped children, teacher training; (c) that the Committee call before it representatives with special knowledge in education such as the Ontario Secondary School Teachers' Federation and parent groups to give their views and advice; and (d) that the Committee make an interim report to the Legislature not later than June 30, 1971.
  
2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.
  
3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.

5. *Mr. Paterson*—Resolution—That this Province should include in the guidelines for Economic Industrial Opportunity programs that would allow: (a) Food processing, food canning and food freezing companies to participate in increased and improved production methods, in order to be able to meet modern merchandising competition arising from the imports of other countries; and (b) at the same time, better and increased utilization of Ontario farm products, through the creation of a more stable and regular market.
6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.
11. *Mr. Lewis*—Resolution—That the standing Natural and Physical Resources committee be empowered to examine and enquire into the purchase, or offer to purchase, by the Province of Ontario of lands owned by Caledon Mountain Estates Limited, with power to 1. send for persons, papers and records and specifically to examine and enquire into: (a) the decision of the Ontario Parks Integration Board to purchase 506 acres of land in the area of the forks of the Credit River, rather than the 1,070 acres recommended by the Gertler report in June, 1968; (b) the reasonableness of the price paid for the 506 acres which were purchased; (c) the application for approval of the Minister of Municipal Affairs of a plan or plans of sub-division relating to any lands under ownership of Caledon Mountain Estates but especially lands falling within the priority purchase recommendations of the Gertler report; (d) the correspondence between the Minister of Lands and Forests or his officials and the Minister of Municipal Affairs or his officials regarding the plan or plans of sub-division submitted by Caledon Mountain Estates; (e) the costs of acquisition by the Province of Ontario of any lands within the Niagara Escarpment study area with special reference to the appreciation in values between the date of purchase by the province and the date of purchase by the vendor. and 2. specifically to send for:

The committee shall report to the House no later than 15th June, 1971.

12. *Mr. Renwick* (Riverdale)—Resolution—That any tax concessions or incentives granted under any statute of the Province of Ontario designed to assist corporations, subject to the taxing jurisdiction of Ontario, to acquire shares or other interests in other corporations incorporated in Ontario or elsewhere, be restricted to corporations having a degree of Canadian control as defined in The Corporations Tax Act of Ontario.

## PRIVATE MEMBERS' MOTIONS

2. *Mr. Smith* (Nipissing)—Resolution—That in the opinion of this House;
  1. The Minister of Lands and Forests should sell no more Crown land in resort or recreational land areas in fee simple to any person, corporation or group.
  2. In such areas, the Minister of Lands and Forests should in future, only lease Crown lands.
  3. An immediate inquiry should be instigated into the activities of companies advertising tax sale and other Canadian properties, in foreign newspapers, journals and magazines; into the activities of individual entrepreneurs in this field, as middlemen, agents or third parties generally; and into possible methods to control the sale of private recreational lands to non-citizens of Canada.
  4. The Clerk-Treasurer of any municipality should, before offering any land for sale for taxes, furnish to the Minister of Lands and Forests, a copy of the list of lands annexed to the warrant; and the Minister shall have the option to purchase these lands, or any part of them, within ninety days of this advice, on payment of the arrears of taxes thereon, on behalf of the Crown in right of Ontario; without prejudice to the one-year redemption rights of the original owner.

3. *Mr. Trotter*—Resolution—That, in the opinion of this House, the Province should immediately institute a system of financial assistance to those municipalities in which there is a shortage of low-cost housing, whereby new houses having an assessment insufficient to carry municipal and educational service tax charges at a level adequate for provision of such services, shall receive compensatory tax grants on a scale diminishing to zero over a ten year period in respect of each such project; in order to encourage municipalities to approve low-cost projects without jeopardizing their financial stability; and to afford them a reasonable time in which to attract revenue-producing industrial and commercial assessment.
  
6. *Mr. DeMonte*—Resolution—That, in the opinion of this House, in proceedings before the Workmen's Compensation Board: 1. To assure "speedy justice, humanely rendered, free from onus of proof or adversary technique", the onus of proof ought not to be on the workman, nor should he have to face adversary courtroom type proceedings in order to obtain just compensation for his injuries; 2. The time lag between layoff and hearing should be drastically reduced, since justice delayed is justice denied; 3. The Board should be directed to return immediately to simple procedures and speedy decisions.
  
7. *Mr. Burr*—Resolution—That, in the opinion of this House the Teachers' Superannuation Act and the regulations made under it should be amended: (a) so that the dependant's allowance of a teacher's widow or widower, although it ceases at death, is merely suspended during a remarriage. (b) so that a teacher, who has earned a teacher's pension and becomes entitled also to a teacher's dependant's allowance, may receive all or part of the latter, provided that the pension and dependant's allowance together do not exceed the greater of the two original pensions involved.
  
9. *Mr. Gaunt*—Resolution—That, the province immediately undertake to provide O.H.S.C. coverage to licensed and inspected nursing homes in the province of Ontario.
  
11. *Mr. Lewis*—Resolution—That the standing Natural and Physical Resources committee be empowered to examine and enquire into the purchase, or offer to purchase, by the Province of Ontario of lands owned by Caledon Mountain Estates Limited, with power to 1. send for persons, papers and records and specifically to examine and enquire into: (a) the decision of the Ontario Parks Integration Board to purchase 506 acres of land in the area of the forks of the Credit River, rather than the 1,070 acres recommended by the Gertler report in June, 1968; (b) the reasonableness of the price paid for the 506 acres which were purchased; (c) the application for approval of the Minister of Municipal Affairs of a plan or plans of sub-division relating to any lands under ownership of Caledon Mountain Estates but especially lands falling within the priority purchase recommendations of the Gertler report; (d) the correspondence between the Minister of Lands and Forests or his officials and the Minister of Municipal Affairs or his officials regarding the plan or plans of sub-division submitted by Caledon Mountain Estates;

(e) the costs of acquisition by the Province of Ontario of any lands within the Niagara Escarpment study area with special reference to the appreciation in values between the date of purchase by the province and the date of purchase by the vendor. and 2. specifically to send for: (a) The Minister of Lands and Forests and the Chairman of the Ontario Parks Integration Board; (b) The Minister of Municipal Affairs and the Director of the Community Planning Branch of the Department of Municipal Affairs; (c) The Minister of Public Works and the Director of the Property Branch of the Department of Public Works; (d) Officers and directors of Caledon Mountain Estates Limited; (e) and such other persons as in the opinion of the committee may assist it in its examination of the matter. The committee shall report to the House no later than 15th June, 1971.

12. *Mr. Renwick* (Riverdale)—Resolution—That any tax concessions or incentives granted under any statute of the Province of Ontario designed to assist corporations, subject to the taxing jurisdiction of Ontario, to acquire shares or other interests in other corporations incorporated in Ontario or elsewhere, be restricted to corporations having a degree of Canadian control as defined in The Corporations Tax Act of Ontario.
